Run

```
5 {
13 {
17 {
20     if (count == 5)
21     {
22         stuffed[j++] = '0';
23         count = 0;
24     }
25 }
26 else
27 {
28     count = 0;
29 }
30 }
31
32 stuffed[j] = '\0';
33
34 printf("\nOriginal Data : %s", data);
35 printf("\nAfter Bit Stuffing: %s\n", stuffed);
36
37 return 0;
38 }
```

Output

Enter the binary data: 1111101111110

Original Data : 1111101111110

After Bit Stuffing: 111110011111010

=== Code Execution Successful ===
